

Monday 25th March, 2024

Dear Parent/Carer

In the lead up to the GCSE Examinations, and as part of our commitment to raising achievement, we have set up targeted revision sessions over the Easter Holiday.

This is a fantastic opportunity for your child to work with specialist staff to improve their preparations for their pending GCSE Examinations. These extra classes have had a significant impact on the results of those students who have attended in previous years.

Unfortunately, we are not able to facilitate Maths sessions during this time. However, every student will receive personalised topic specific revision booklets to aid their revision over the holiday period. In addition, they also have personalised codes for Sparx Maths, these will direct them to areas of the specification that require particular attention to improve their performance in the summer exams. Should students require further support with their Maths revision, they should not hesitate to contact their teacher via email.

All students will remain on site throughout the day for the revision sessions. If they are staying for the whole day, they will need to bring a packed lunch and refreshments.

The behaviour of our students in Year 11 is exemplary. But as ever, we will be upholding our high expectations in terms of behaviour. Should a student behave inappropriately, you will be contacted, and your child will be asked not to attend for the remainder of the holiday.

I trust that you will support us in ensuring that your child attends these revision sessions. We certainly believe it will improve their chances to reach or surpass their potential.

We would like to thank you in advance of your support in working with us to ensure that your child achieves their very best. Please do not hesitate to contact Mr. Kolbuck if you have any further questions or queries.

Yours sincerely,

Mr. Chris Kolbuck
Acting Co-Head of School (Quality of Education)
