

To our local community,

During this difficult time, we would thought it would be a good idea to give our students at Oasis Academy Leesbrook an opportunity to reach out to you and offer you some kind words and moral support. Although our school doors may be closed for now, we very much believe in the power of family, community and compassion. We hope that in reading this letter, we are able to make you feel like a part of our Leesbrook community and bring some joy to your day. We were overwhelmed by letters from our students, but thought we would share with you just a few words that we have collated from them.

Oasis Academy Leesbrook is here for you and wishes you all the best.

Dear Neighbour,

Hello. I hope you are alright and feeling well. We have lived here for many years and we still don't know all of you. Given these uncertain times, we thought this would be a good time to change that. Everyone at Leesbrook wishes you wellness and reassurance in isolation. I know it can be hard, but you will get through it.

In times like these, we need to have hope. We need to have hope in the NHS and that they can cope and that no one that we love or care about gets hurt. Most importantly, we need to hope that a cure or vaccination is found in order to restore what was once the norm. During this time in quarantine, we need to focus on the positives in our lives instead of just waiting for it all to be over. I myself find it quite hard to stay positive with my 3 siblings around, but I am just so grateful that we are all healthy and here for each other. If you are alone, you might find it tough, but let this letter be a reminder that there are many people out there thinking about you and wishing you all the best.

I know it is hard living in isolation, but in this difficult time we need to have a positive mindset. Make sure to eat healthy foods such as fruits and vegetables because it will keep you strong physically, also drink plenty of water. Isolation may seem very boring but it's only going to get fun if you make it fun. It's a perfect time to discover a new talent or hobby! Try something you don't usually ever do. You could try baking or cooking, singing, dance, yoga, drawing, online games or anything.

Isolation may be hard but as soon as it is over you can see all of your family and spend time with them. We all understand what you are going through and everyone at Leesbrook wishes you all the best and we hope you can go back to doing the things you love with your family soon.

I wish the very best for you and your family. Stay safe.

Keep Strong.
